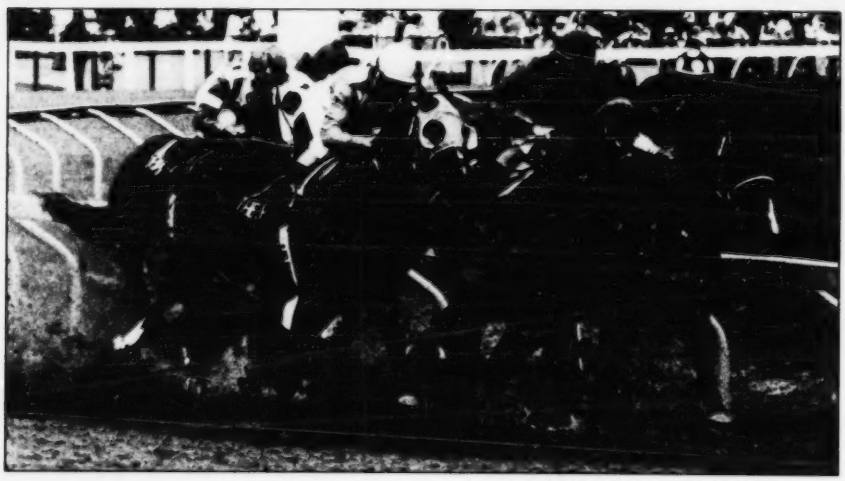
37th Annual Statistical Report for 1986

Ontario Racing Commission



Ontario Ministry of Consumer and Commercial Relations

Ontario

Ontario Racing Commission

The Honourable Monte Kwinter
Minister of Consumer and Commercial Relations,
Parliament Buildings,
Queen's Park,
Toronto, Ontario

Dear Mr. Minister:

We are pleased to submit this thirty-seventh Annual Statistical Report of the Ontario Racing Commission, dealing with the operations of the Commission during 1986.

This has been a year of great success. Not only was there a record betting handle of more than $889 million but there were also higher purses and greater racing opportunities for horsemen.

While the increases of more than $60 million in betting were equally divided between the Thoroughbred and Standardbred Racing industries, the upsurge in wagering handles and attendance in the harness field were especially significant. This reversed a four-year downward trend, a signal seen across the continent that Ontario horsemen and tracks are playing a key role in the revitalization of Standardbred Racing.

Quarter Horse Racing continues its growth pattern and held its first prolonged meet of 12 days.

Intertrack wagering continued to enhance wagering handles. A major expansion in the Thoroughbred field, Woodbine betting on simulcasts of live racing at Greenwood Racetrack, proved most successful as did Sunday Intertrack wagering on Standardbred Racing at Mohawk Raceway.

The extremely innovative Racetracks Assistance Program, a three-year controlled investment program by the Ontario Government, provided a major psychological boost to racing as well as channelling substantial new investment into patron-oriented facilities.

As a result of dynamic leadership provided by the Ontario Government, the 45,000 Ontarians who derive their livelihood from racing and horse breeding, look forward with confidence to continued success, expansion and prosperity in the coming year.

Yours faithfully,

Frank Drea
Chairman

John G. Hayes
Vice-Chairman

Harry J. Addison Jr.

Michael C. Byrne

William D. Graham

John C. Lang

Highlights of the Record Shattering 1986 Racing Season in Ontario

- 7% increase in wagering to a record high $889 million and a 1% increase in attendance was highlighted by the dramatic turnaround in Standardbred Racing figures, despite a horsemen's strike on the Ontario Jockey Club circuit in the spring of 1986.
- Ontario continues to set the pace with more racing days than any other jurisdiction in North America – 1890, another new record.
- expansion of Quarter Horse racing in the province to 12 days reflecting its growth and development.
- introduction of reciprocal licensing by the Ontario Racing Commission. Licences of other racing jurisdictions in Canada and the U.S. are now officially recognized making Ontario the first hassle-free licensing system on the continent.
- all Thoroughbred Racing backstretch employees covered by Workers Compensation for the first time. This breakthrough comes after intensive work by the Horsemen's Benevolent and Protective Association and the Ontario Racing Commission.
- new streamlined Rules of Racing have now been developed for Thoroughbred and Standardbred racing. Both Rules Committees, made up of industry representatives, worked diligently for a year to bring changes to the Commission. The new rules are effective in 1987.
- implementation of a computer system for the Thoroughbred Division to improve the maintenance of files, licensing data, fines, suspensions and statistics. The Standardbred Division continues to work with the Canadian Trotting Association which has provided these services for the past 10 years.
- Standardbred licence renewals are now issued by birthdate to ease the licensing jams which once occured at the beginning of each year. Licence applications are now automatically mailed to licencees, similar to the system used for motor vehicle licences.
- human drug testing was initiated on a random basis to ensure the safety of all participants and to once again set a standard of integrity for all of the sports and entertainment industries
- breathalyzer testing of all partipants was implemented in 1986.
- Barrie Raceway, rebuilt in record time after the June 1985 tornedo which destroyed the track, experienced a banner season in 1986 reaching new highs in both attendance and wagering due to their aggressive marketing program.
- $7.5 million was distributed in the Standardbred Ontario Sires Stakes and Trillium races with seven O.S.S. records being broken including the world mark achieved by Nadirs Pride at Kawartha Downs in the all-age category. Some $3.8 million was distributed in the Thoroughbred program including ten Ontario Sires Stakes races.
- implementation of the Racetracks Assistance Program in early 1986 to be administered by the Ontario Racing Commission. The Ontario Government will be investing $25.8 million into the industry for patron oriented projects and marketing over the next three years with the tracks contributing matching funds. More than $1.2 million was committed to the Federation of Ontario Racetracks Marketing Inc. (F.O.R.M.), the racing industry's advertising council, for a major television campaign to stimulate awareness of racing.

The Racing Commission Act

Revised Statutes of Ontario, 1980, Chapter 429 as amended by 1981, Chapter 33

The Ontario Racing Commission was established under the Racing Commission Act by the Ontario Provincial Government in 1950 to govern, direct, control and regulate horse racing in the province.

1. In this Act,
   (a) "Commission" means the Ontario Racing Commission;
   (b) "Minister" means the member of the Executive Council to whom the administration of this Act is assigned by the Lieutenant Governor in Council.
   R.S.O. 1980,c. 429,s. 1.

2. The body corporate known as the Ontario Racing Commission, established under The Racing Commission Act, 1950, is continued and shall be composed of not fewer than three and not more than seven members appointed by the Lieutenant Governor in Council.
R.S.O. 1980, c.429,s.2.

3. The objects of the Commission are to govern, direct , control and regulate horse racing in Ontario in any or all of its forms.
R.S.O.1980,c.429,s.3.

4. The members of the Commission shall hold office for a term of not more than three years, but any person is eligible for reappointment.
R.S.O.1980,c.429,s.4.

5. (1) The Lieutenant Governor in Council shall name one of the members to be the chairman and one of the members to be the vice-chairman.
   (2) When the office of the chairman is vacant or in the absence of the chairman, the vice-chairman shall act in his place and stead.
   R.S.O.1980,c.429,s.5.

6. (1) At any meeting of the Commission a majority of the members constitutes a quorum, and a majority vote of the members present at any meeting of the Commission determines any question.
(2) The chairman has a casting vote in addition to his ordinary vote.
R.S.O.1980,c.429,s.6.

7. The Lieutenant Governor in Council may fill any vacancy that occurs in the membership of the Commission.
R.S.O.1980,c.429,s.7.

8. The Lieutenant Governor in Council shall fix the salaries of the chairman, the vice-chairman and the other members of the Commission.
R.S.O.1980,c.429,s.8.

9. REPEALED: 1981,c.33,s.1.

10. The salaries and expenses of the members of the Commission and of the officers, clerks and other employees thereof, and generally all costs, charges and expenses incurred and payable in respect of carrying out of this Act, shall be paid out of the monies appropriated therefore by the Legislature.
R.S.O.1980,c.429,s.10.

11. The Commission has power,
   (a) to govern, direct, control and regulate horse racing in Ontario in any or all of its forms;
   (b) to govern, control and regulate the operation of race tracks in Ontario at which any form of horse racing is carried on;
   (c) to hold hearings relating to the carrying out of its objects or powers, and to summon any person by subpoena signed by the chairman or by any other member of the Commission, and to require such person to give evidence on oath and to produce such documents and things as the Commission considers requisite in any such hearing;
   (d) to enforce the carrying out and observance of all regulations, rules and conditions established under this Act, by a fine or other penalty or otherwise;
   (e) to make by-laws for the conduct of its business and for the control and direction of its work;
   (f) to license persons to operate race tracks at which horse racing in any of its forms is carried on and to impose such terms and conditions on a licence as the Commission considers expedient;
   (g) to license owners, trainers, drivers, jockeys, apprentice jockeys, grooms, jockeys' agents, jockeys' valets, exercise boys, tradesmen and such other persons in or about race tracks at which horse racing in any of its forms is carried on, and to impose such terms and conditions on a licence, as the Commission considers expedient;
   (h) to fix and collect fees or other charges for licences, prescribe the form thereof and the conditions under which they may be issued;
   (i) to refuse to grant any licence or to suspend or revoke any licence for conduct that the Commission considers to be contrary to the public interest;
   (j) to require registration with the Commission of, and to register colours, assumed names, partnerships and contracts and such other matters and things as the Commission considers expedient;
   (k) to fix and collect fees or other charges for registration under clause *j* and to prescribe the form thereof and the conditions under which registration may be made;
   (l) to make and promulgate rules for the conduct of horse racing in any of its forms;
   (m) to employ stewards, veterinarians, analysts, secretarial assistants, judges and such other persons as the Commission considers expedient to attend at race meetings on behalf of the Commission;
   (n) to require approval by the Commission of the appointment of race track officials and employees whose duties relate to the actual running of horse races and to compel the discharge for cause of any such official or employee;
   (o) to fix, impose and collect fines and other penalties for a contravention of any requirement of the Commission under this Act;
   (p) to require persons licensed to operate race tracks to keep books of account in a manner satisfactory to the Commission, and to inspect such books at any time;
   (q) to do such things relating to horse racing in any or all of its forms, or to the operation of race tracks at which horse racing is carried on, as are authorized or directed by the Lieutenant Governor in Council.
   R.S.O.1980,c.429,s.11;
   1981,c.33,s.2.

12. The accounts of the Commission shall be audited by the Provincial Auditor or by such other auditor as the Lieutenant Governor in Council may appoint.
R.S.O.1980,c.429.s.12.

13. The Commission shall make a report annually to the Minister, containing such information as the Minister may require.
R.S.O.1980,c.429,s.13

14. The Lieutenant Governor in Council may make regulations with respect to any and all matters or things that are considered necessary for the carrying out of this act.
R.S.O.1980,c.429,s.14.

15. (1) Rules for the conduct of horse racing may be promulgated by the Commission under this Act and the Commission may therein delegate to

stewards, judges, veterinarians, race track officials, racing association officials, licensing agents or officers of the Commission such of the following powers as the Commission considers expedient,

(a) to hold hearings relating to the carrying out of its objects or powers;

(b) to enforce the carrying out and observance of all regulations, rules and conditions established under this Act;

(c) to license owners, trainers, drivers, jockeys, apprentice jockeys, grooms, jockeys' agents, jockeys' valets, exercise boys, tradesmen and such other persons in or about race tracks at which horse racing in any of its forms is carried on;

(d) to collect fees or other charges for licences;

(e) to impose and collect fines and other penalties for a contravention of any requirement of the Commission under this Act.

(2) The Commission may adopt by reference, in whole or in part, with such changes as the Commission considers necessary, rules and procedures of racing associations or bodies and may delegate to racing associations or bodies the power to,

(a) enforce the carrying out and observance of the rules and procedures as adopted or amended

(b) hold hearings in respect of the contravention of any of the rules or procedures; and

(c)impose and collect fines, costs and other penalties for the contravention of any of the rules or procedures, and where a power has been so delegated to a racing association or body, it shall have the right to exercise discretion or judgement in relation to the powers delegated.

(3) Every person , association or body to whom a power to hold hearings has been delegated under subsection (1) or (2), may summon any person by subpoena and require any person so summoned to give evidence on oath and to produce such documents and things as may be required for purposes of a hearing.

(4) Subject to subsection (6), any person who considers himself aggrieved by a decision of a person delegated by the Commission under a rule made under subsection (1) or by a decision resulting from a hearing held pursuant to a delegation under subsection (2), is entitled to a hearing by the Commission and, in the case of a hearing, the Commission may exercise it powers and duties under section 11 as if such powers and duties had not been delegated.

(5) Where the Commission, after holding a hearing, is of the opinion that the request for the hearing was frivolously made, the Commission may order the person requesting the hearing to pay to the Commission a penalty of no more than $300 in addition to any other penalty that may be imposed.

(6) Where the rules of the Commission, promulgated or adopted, provide for an appeal to an association or body, any person who considers himself aggrieved shall appeal in accordance with the rules before applying to the Commission for a hearing under subsection (4).

(7) Any order or rule issued or made by the Commission under this Act shall be deemed to be of an administrative and not of a legislative nature.

(8) For the purposes of a hearing under subsection (4), three members of the Commission, one of whom shall be the chairman or vice-chairman, constitute a quorum.

(9) The Commission may, on its own motion, review any decision made by a racing association or body pursuant to a power delegated under subsection (2) and may, after affording the parties an opportunity to be heard, confirm the decision reviewed or substitute its own decision in lieu thereof.

Meetings and Hearings

The seven-member Commission meets on a regular basis to establish policy, deal with administrative matters and to act as a quasi-judicial tribunal.

Commission Meetings

The Commission held nineteen formal meetings during 1986 at which regular business was attended to.

Hearings

In addition to formal meetings, the Commission sat for 36 days at which 40 licencees appeared for hearings or appeals.

Thoroughbred

During 1986, nineteen licencees or applicants for licences appeared before the Commission for hearings relative to the Rules of Thoroughbred Racing.

Standardbred

Twenty-one standardbred licencees appeared before the Commission for hearings or appeals pertaining to the Rules of Standardbred Racing.

General

On August 25, the Commission held a public Race Date and Intertrack Wagering Dates Hearing to review the request of the Ontario Jockey Club for an increased number of live race dates at Fort Erie Race Track. The Commission granted the application taking note of the following items:

a) the general health of Fort Erie Racetrack including increases in daily average handle,
b) the increase in employment opportunities which would be made available by this application, and
c) the support of the neighboring Standardbred track.

Over a period of eight days during the months of September and October, the Commission reviewed and approved the application by the Ontario Jockey Club for 34 days of intertrack wagering at Woodbine Racetrack on Greenwood Racetrack and for intertrack wagering at Greenwood Raceway on Mohawk for Sunday evenings effective October 28th. The Commission also approved in principle live racing at Greenwood Raceway on Sundays commencing in 1987 and approved in principle live racing on Sundays at Flamboro Downs during the Mohawk season provided that live racing at Greenwood was implemented.

On December 3rd, the Commission reviewed the 1987 Race Dates and Intertrack Wagering Date applications. Approval was granted for 1902 days of Thoroughbred, Standardbred and Quarter Horse racing as well as 271 days of intertrack wagering. This approval included Sunday racing at Greenwood, Sunday racing at Flamboro Downs during the Mohawk meets and the expansion of Quarter Horse racing to 13 days at Picov Downs.

Racing Industry Appeal Board

This appeal tribunal is appointed by the Ontario Racing Commission upon recommendations from the Canadian Trotting Association and the Ontario Harness Horsemen's Association. During 1986 the following members served on this board:

Gordon Byers
Marvin Chantler
Gordon Deavy
Michael Eustace
Graham Gardiner
Rodger Gordon
Norman Paquette
Max Webster
Gary Wortley

This Board held 7 days of appeals dealing with fines of less than $300.00 and/or suspensions of less than 30 days. Thirty-four licencees appeared before the Board to have their appeals heard.

A sub-section of the appeal board is the Drivers Review Members, made up of:

Wesley Coke
Carman Hie
William Wellwood
Tom Strauss

Based upon the recommendation of the judges or upon complaints received from the industry, these members will review a participant's licence and then make their findings known to the Ontario Racing Commission for further action if deemed adviseable.

Thoroughbred Rules Committee

Established in 1986

With the mandate to review the existing Rules of Thoroughbred Racing, the following members served on this committee and will be submitting their recommended changes for the 1987 year:

Chairman:
William Graham, Commissioner

Members:
Michael Byrne, Commissioner
John Agro
Larry Regan
John Whitson
David Willmot
Mark Frostad
Dr. Robert McMartin
Emile Allain
J. (Mort) Hardy
Robin Platts
Daniel Beckon
Secretary:
Dr. Richard Roelofson

Standardbred Rules Committee

Established in 1986

With the mandate to review the existing Rules of Standardbred Racing, the following members served on this committee and will be submitting their recommended changes for the 1987 year:

Chairman:
John Lang, Commissioner

Members:
Rod Seiling, Commissioner
Robert Burgess
Joe Burke
Chris Christoforou
Tom Gorman
Barry Hewson
Dr. D. R. Furness
Dr. Daniel McMaster
Ken Middleton
Terry Provost
Trevor Ritchie
Herb Shannon
David Wall
Secretary:
R. E. Aldous

Fees and Finance Committee

This committee was appointed by the Chairman, to review the finances of the Commission in conjunction with the Secretary-Treasurer and to review the licence fees issued to racing participants. In 1986 this committee consisted of:

Chairman:
Harry Addison Jr., Commissioner

Members:
Rod Seiling, Commissioner
Gregory Fernandes,
Secretary-Treasurer

Equine Research Committee

The Commission established this committee late in 1986 to work with the Research Priorities Committee of the Guelph Centre for Equine Research in order to help facilitate the appropriate evaluation of projects to be undertaken and to make recommendations to the Commission. The Committee was formed with the following individuals:

Chairman:
Michael Byrne, Commissioner
Members:
Dr. Hugh Lewllyn
Dr. John McKnight
Dr. Robert McMartin
Dr. Allan Young
Mr. Chris Van Bussel

Ontario Sires Stakes Review Committee

(Standardbred)

The Commission established this committee to review the Standardbred Ontario Sires Stakes program and to recommend changes to the Commission. The committee will be chaired by Commissioner John Lang with representation from breeders, owners, and track personnel. The following committee was formed in early 1987.

Chairman:
John Lang, Commissioner
Members:
Dr. John McKnight
Gordon Gilcrest
James MacKenzie
Robert Chapple
Grant Wade
Doug Elliott
Carman Hie
Bruce Johnston
Clive Raymond
Bruce Lloyd
Robert Burgess, Q.C.
Joe Burke
Harold Shipp
Robert C. Carrs

Memberships

National Association of State Racing Commissioners

This Commission continues to hold active membership in the National Association of State Racing Commissioners, an organization comprised of Commission representatives from all jurisdictions in North America where racing is legalized. The organization acts as a clearing house for changes in racing rules and statistical information. By means of bulletins, issued by the National Association, each Commission member is apprised of all actions, rule changes and disciplinary measures taken by other commissions. This information is of vital importance in maintaining complete and accurate records of all persons connected with racing.

Racetracks Security Canada

Acting to facilitate the transfer of information between organizations on security matters and the investigation process, this organization is made up of racetrack security personnel as well as Agriculture Canada and Commission representatives.

Special Programs

The Racetracks Assistance Program

The Racetracks Assistance Program is a controlled investment progam by Ontario in racing and reflects the importance of this indigenous resource industry to the Province. More than $25 million will be invested in the racing industry over the next three years.

The Ontario Racing Commission will administer the Racetracks Assistance Program subject to the authority of the Ministry of Consumer and Commercial Relations.

The overall mandate of the program is to increase attendance at Ontario's 21 racetracks by promoting the public's awareness of horse racing as an attractive, modern entertainment and sport medium and by modernizing racing facilities to reflect the public's changing life styles and comfort expectations.

Recap of Horse Racing in Ontario and Canada in 1986

Including revenue to the Provincial and Federal Government

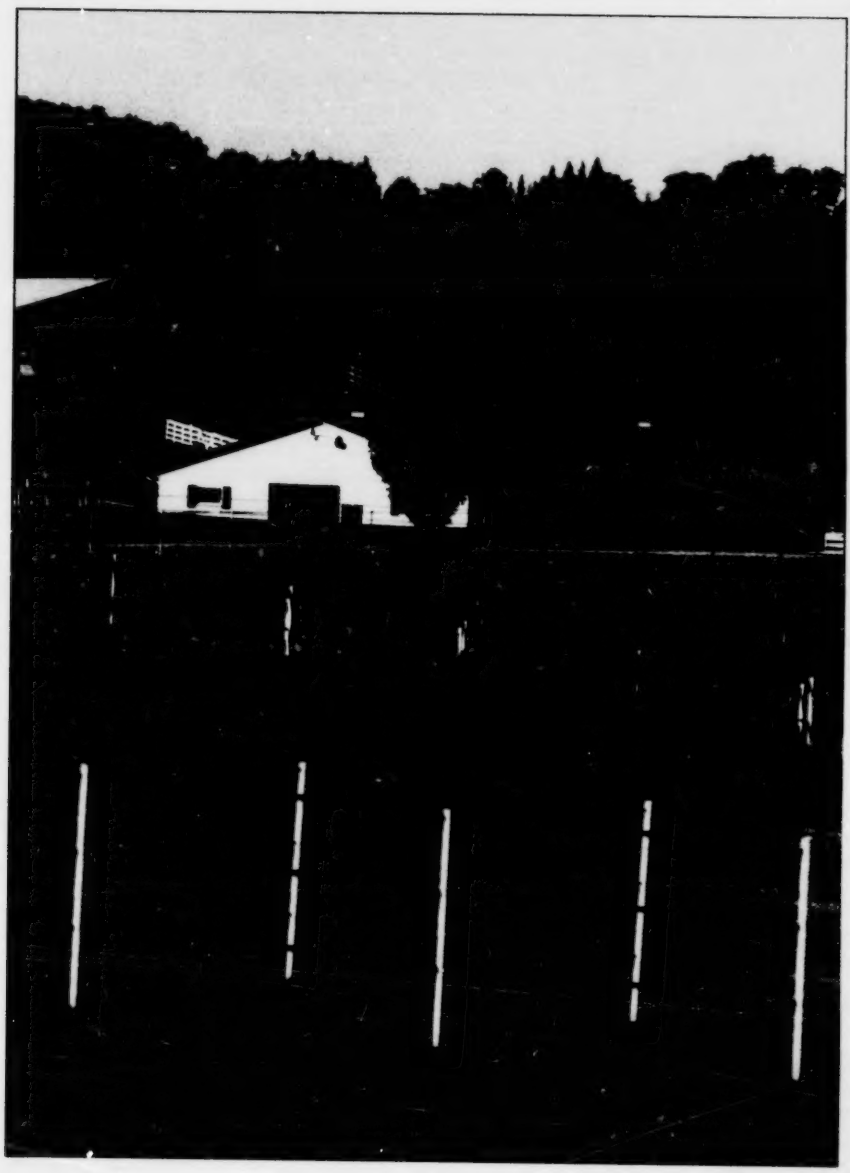
Improvement Programs



What is the Race Tracks Tax Sharing Arrangement?
The Ontario Government collects a tax from wagering at all race tracks in this province. This tax is a percentage of the amount wagered and at present, the Ontario tax is set at seven percent of the amount wagered with an additional two percent tax on triactor features. In 1968, the Ontario Government raised its parimutel tax by one percent. At that time, it was stated that the extra one percent would be allocated to furthering the goals and requirements of Ontario's racing industry. This evolved in 1974 to the present tax sharing arrangement between the industry and the province. In 1981 a further one percent of the existing tax was rebated to the industry raising the level of the rebate to two percent and in the case of triactor features four percent of the dollars wagered at Ontario tracks.

How was the agreement reached?
All areas of the horse racing and breeding industry in Ontario were consulted. The following associations provided input towards how the proposal would best serve the industry:
Ontario Standardbred Improvement Association Inc.
Ontario Harness Horsemen's Association
Canadian Standardbred Horse Society
Horsemen's Benevolent and Protective Association
Canadian Thoroughbred Horse Society
National Association of Canadian Racetracks (Ontario Division)
Harness Tracks of Ontario

Agreement between the province and the industry was reached and the program came into effect in 1974.

What is the purpose of the arrangement?
The tax sharing arrangement serves four purposes:
1. to supplement purses paid to owners,
2. to improve the quality and quantity of racing stock in Ontario,
3. to improve the quality of the facilities at the Class III circuit standardbred tracks in the province, and
4. to fund equine research program.

What was the dollar value of the program in 1986?
In 1985, the total amount wagered at race tracks in Ontario was $828,082.671. Based on this figure, the value of the tax sharing arrangement in 1986 was $19,933,403 allocated at follows:

Standardbred Racing:	$12,110,161
Thoroughbred Racing:	$ 7,821,448
Quarter Horse Racing:	$ 1,694
TOTAL	$19,933,403

The amount returned to each segment of the industry is prorated according to the total dollars wagered. These funds are then apportioned to reseach, breeders' incentive programs and supplemental purse grants.

Highlights of the Tax Sharing Agreement

Equine Research
The Guelph Centre for Equine Research under the University of Guelph received 1.5 percent of the rebate which amounted to $248,398 in 1986. From this total, $83,000 was allocated to research projects and the remaining $165,398 was allocated to the building fund set aside for the centre's new facilities.

Overnight Purse Supplements
Through the racing and breeding incentives, rebate money is actively directed towards programs which will benefit the industry. The arrangement also addresses the problems of purse levels in general through overnight purse supplements. By supplementing purses paid to owners, the racing industry and the provincial government are encouraging the purchase of better racing stock and helping to offset the increasing operating costs which owners are experiencing.

In 1986, the Thoroughbred industry received $5,404.962 in overnight purse supplements and the Standardbred program recieved $7,007,561.

The Ontario Sires Stakes Program
Established in 1974, the Ontario Standardbred Sires Stakes has proved to be one of the most successful government programs. It has reduced the outfolow of Ontario capital to the United States for the purchase of yearlings, improved Ontario stock through economic incentives to breeders and increased employment in the racing industry.

The Ontario Sires Stakes are a series of races with supplemented purses for two and three year old trotters and pacers at tracks across Ontario. It is a self-help program in which breeders, horsemen and tracks contribute to the purse through nomination and sustaining payments as well as starting fees and track fees. In 1986 there were 104 races for a total purse value of **$6,634,340.**

To be eligible to these races, foals must have been sired by a stallion standing in Ontario and registered with the program. These stallions must either be owned or leased by an Ontario resident. As a result, the number and quality of sires standing in Ontario has improved considerably which has lead to the development of breeding establishments which are now competitive on a world class level.

Because of the success of the standardbred venture, a similar program was launched in 1975 for thoroughbreds. In 1986 there were 10 Ontario Sires Stakes Thoroughbred races for a total purse value of $708,300.

Thoroughbred Breeders' Incentives
Further assistance is allocated to the thoroughbred industry through an incentive program for breeders which includes purse support to existing stakes to improve the sales appeal of Canadian-bred horses. In 1986, the purse value of government supported stakes were $3,836,380 which included the Ontario Sires Stakes races.

Conclusion

The Race Tracks Tax Sharing Arrangement is an excellent example of business and government working together to provide very tangible benefits to the residents of Ontario. Since its inception in 1974, this program has played a direct role in increasing employment in the racing industry, in helping small Ontario farms remain economically stable and, of course, in enhancing the enjoyment for the more than 6 million residents who attend races annually.

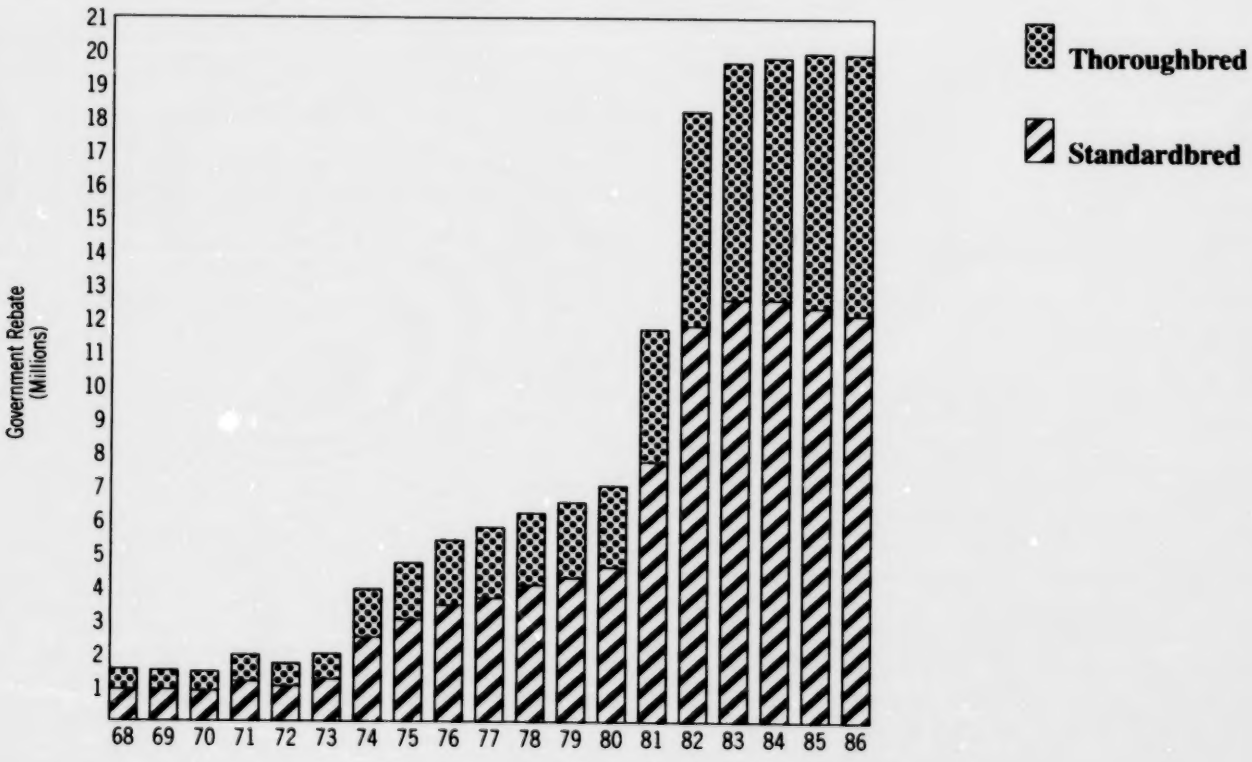
Race Tracks Tax Sharing Agreement



As part of the Race Track Tax Sharing Arrangement, the Ontario Racing Commission allocated 1.5% of the rebate towards Equine Research.

1.5% of the Thoroughbred program	= $100,104
1.5% of the Standardbred program	= $148,294
Total Commission contribution to Equine Research	$248,398

These funds were distributed to the Guelph Centre for Equine Research and were divided as follows:

Building Fund:	$165,398
Equine Research Progects:	$ 83,000

Equine Research Projects

The Ontario Veterinary and Agriculture College faculty and other faculty interested in equine research were requested to submit research proposals. In total twenty-two proposals for more than $193,000 were received and reviewed by the faculty.

The criteria used in the assessment of each proposal were:

a) the relationship of the subject matter to problems in the equine industry,
b) the merit and quality of the research plan, and
c) the basis for financial support and other resource management factors.

The total support allocated for the projects was $100,000. Added to the Commission contribution was the donation of $17,000 from the E. P. Taylor Research Fund.

Sixteen proposals were approved and these are listed as follows along with the stated objectives and allocated funds for each project:

Respiratory and Cardiovasular Disorders

I. Hemodynamic responses in anesthetized horses to hypotensive therapy.
- evaluation of possible treatments to prevent equine anesthetic hypotension
- determination of a technique for use in all horses subjected to anesthesia and a technique for use in those more susceptible to hypotension problems.

Funding: $4,000

II. Thromotic disease in horses: Role of Antithrombin III
- to study plasma activity levels in horses with, or at high risk to, thrombotic disease in order to test the hypothesis that in horses predisposed to thrombotic episodes, ATIII deficiency is a probable contributing factor
- to obtain further information concerning ATIII levels in normal horses

Funding: $9,000

III. Themporary bilateral occlusion of the common carotid artery
- to demonstrate whether bilateral occlusion of the common carotid arteries reduces intraoperative haemorrhage and has no obvious detrimental effects on the patient
- to demonstrate the normal blood supply to the head and to verify that potential anastomoses between vertebral, deep cervical and basilar arteries establishes a functional collateral circulation to the brain in the event of a temporary bilateral occlusion of the common carotid arteries

Funding: $6,000

IV. Purification of protective antigens of *corynebacterium equi*.
- to study the relationship of this protein to virulence
- to understand the basis of immunity of foals to *C. equi* pneumonia and to provide antigen for effective immunization

Funding: $3,500

V. Study of lavage and biopsies for diagnosis of respiratory diseases
- Alveolar macrophages of the horse in cell culture will be treated with retinols to study the effects of retinoid on the macrophage function
- Another aspect of alveolar macrophage is its role in the histamine release by mast cell and basophils. If a method of blocking the action of these substances which produce bronchial constriction is discovered, it will alleviate the signs of small airway disease in horses

Funding: $2,500

Breeding Efficiency and Infertility

I. The isolation, identification and synthesis of estrous pheromone in the mare
- to identify and isolate the active compound from the source material in Phase 1 and 2 and synthesize it
- to test the synthesized chemical at various concentrations, as compared to the natural source material from estrous, non estrous mare and saline, by using the flehmen bioassay

Funding: $3,000

II. The role of the fetus in the hormonal regulation of gestation
- to acquire a better understanding of the factors influencing the production of equilin in the pregnant mare
- to examine the estrone/equilin ration in the last month of pregnancy

Funding: $3,000

Growth, Development and Performance

I. A pharmacological study of the equine hoof in relation to the etiology and therapy of laminitis
- to study the physiology and pharmacology of the vasculature of the hoof
- to correlate normal physiology and pharmacology with current hypotheses about the etiology of laminitis
- to study some current and some potential therapeutic drugs both *in vitro* and *in vivo*

Funding: $10,000

II. Restoration of abduction of the paralysed equine arytenoid cartilage (Phase 3)
- to obtain functional reinnervation of the cricoarytenoid dorsalis muscle in at least 80% of the animal operated on by using a nerve transplant only
- quantitates through digitalization the degree of arytenoid abduction obtained

Funding: $13,000

III. Articular cartilage transplantation in the horse
- to investigate the feasibility of osteochondral transplantation for joint resurfacing in the horse
- to initiate a pilot study to assess the feasibility of short term cryopreservation and eventually long term banking of equine carpal bones

Funding: $7,000

IV. The role of nuclear medicine in the diagnosis of equine lameness
- to establish to rate and route of excretion of Tc-99m-MDP and Ga-67 citrate in the horse
- to determine the value of a combine Tc-99m-MDP and Ga-67

citrate scan as a diagnostic tool in the investigation of equine orthopedic disorders
- to compare the combine Tc-99m-MDP and Ga-67 citrate scan with ultrasonography and radiography by means of histopathology of standard tendon and bone lesions

Funding: $9,100

V. The effects of three therapeutic regimes on small intestine viability following ischemic and hemorrhagic strangulation in the pony
- to evaluate grossly and histologically, the effects of Allopurinol, Dimethysolfoxide (DSMO) and intraluminal oxygen therapy on short-term intestinal wall survival

Funding: $9,000

VI. Equine vectorcardiography
- to complete the study by performing analysis of the accumulated data to determine what relationships exist between VCG varibles and clinical signs of cardiac function/dysfunction
- to contribute to current understanding of diagnostic value of equine vertorcardiography

Funding: $4,000

VII. The etiology of colitis X in horses
- to reproduce colitis X experimentally in horses
- to isolate the etiological bacterial agent of colitis X from horses with experimental infection
- to isolate the etiological bacterial agent of colitis X from horses with natural disease
- to carry out a retrospective clinical, pathological and epidemiological study of cases of fatal non-Salmonella colitis in horses

Funding: $3,000

VIII. The anthelmintic control of strongyles and tapeworms in horses
- to determine whether anthelmintic treatment of pony mares at Puslinch at the time of turnout in late May, six weeks later and in December is an efficient procedure for the control of strongyles
- to determine whether praziquantel would be an effective anthelmintic for tapeworms in horses

Funding: $12,000

XI. Evaluation of systemic effects of topically applied subconjunctial ophthalmic atropine in the horse
- to determine if topically applied ophthalmic atropine is absorbed systemically producing detectable serum atropine levels
- to determine if topically applied ophthalmic atropine can produce systemic effects including:
  a) contralateral pupillary dilation
  b) cardiovascular effects including increased heart rate and altered P-R interval
  c) digestive tract effects including decreased gut motility and signs of abdominal pain

Funding: $1,900

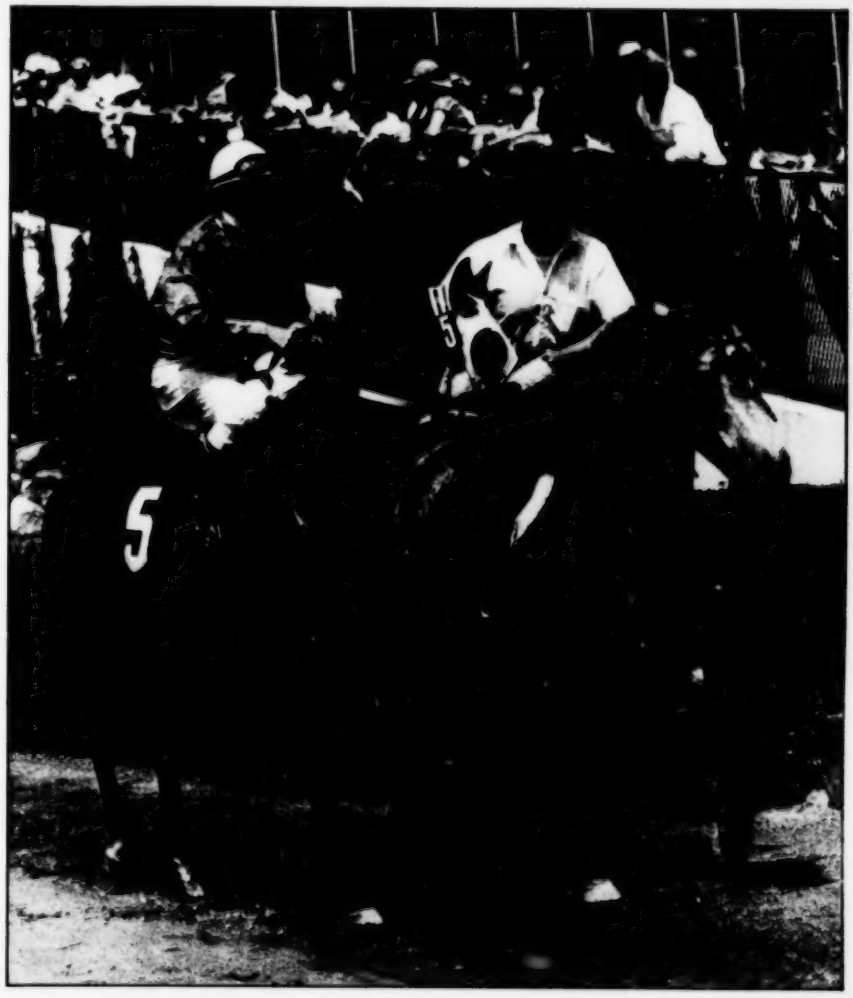
Thoroughbred Improvement Programs



Thoroughbred Improvement Program

The 1986 Thoroughbred Improvement Program rebated to the industry 2% of the total amount wagered in 1985 in the form of Racing and Breeding Incentives and overnight purse supplements. The Ontario Racing Commission in conjunction with the Canadian Thoroughbred Horse Society determines the emphasis that the program will take. The Thoroughbred Improvement Program was designed to showcase and improve the Canadian-breds, enhance thoroughbred racing in Ontario, encourage breeding to stallions standing in the province and to foster investment at Woodbine Sales and in Canadian-breds in general.

By giving strong emphasis to the Canadian-breds, the program helps to enhance the money earning lines in pedigrees thus increasing the value of Canadian-breds and their progeny in Canada and abroad. With the exception of three stakes, the minimum purse for a stakes race for Canadian breds is $70,000 added.

A vital component of the program is the Ontario Sires Stakes program which consists of a number of races restricted to progeny sired by a stallion standing in Ontario and owned or leased by an Ontario resident. The success of this incentive program in envied throughout North America because it has uniquely stimulated every segment of the Throughbred industry.

Allocation of Thoroughbred Improvement Program Funds

Total 1985 Thoroughbred Wagering	$333,683,591	
Provincial Rebate (2%)		$6,673,672

Ontario Sires Stakes

The Ontario Sires Stakes are a series of ten races restricted to progeny of stallions standing in the Province of Ontario and registered with the program at the Ontario Racing Commission. The Stallion must also be owned or leased by an Ontario resident. A popular bonus of this program is that although you must breed to an Ontario stallion, the foal does not have to be Canadian-bred to run in these races. This benefits the stallion owner by attracting out-of-province mares and the breeder, because regardless of where the foal is dropped, it is eligible to these races.

Breakdown of the 1986 Thoroughbred Ontario Sires Stakes

Date	Ontario Sires Stakes	Track Money Added	Gov't Money Added	Starting Fees	Total Purse
April 26	3 Y/O Fillies Lady Angela Stakes	20,000	45,000	6,000	71,000

As a major indicator of the health of the industry, statistics on sales ring activity can be used to gauge business trends and the effect of the improvement program funds. The increase in value of the Thoroughbred stakes program as a result of the government rebate program has had the effect of improving the pedigrees of Canadian-bred and Ontario-sired horses which in turn improves their marketability and performance in the sales.

Woodbine Sales

Woodbine Sales, the province's major Thoroughbred sales company, benefits from the improvement program through two stakes restricted to sales graduates. This promotes the sale and increases the earning potential of horses that pass through the sales ring.

September Yearling Sale — Selected Canadian-breds

Export Figures

In 1986 the number of horses purchased by out-of-province buyers from the Autumn Mixed Sale and September Yearling Sale in Toronto was 89 for a total value of $3,488,600.

The sustained support of foreign buyers indicates the attractiveness of the 'made in Canada' product.

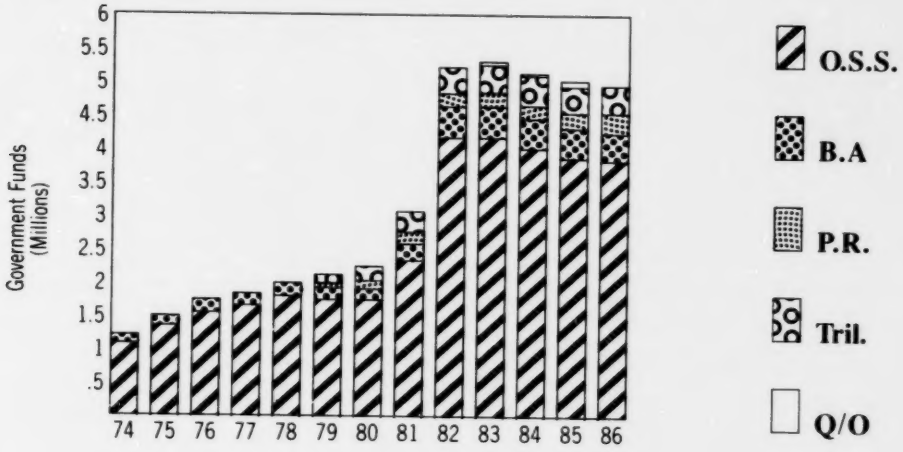
Racing and Breeding Incentives



Trillium Series

The Trillium Series is a program of five pacing races and five trotting races for two year-old fillies. In 1986 the Series was contested for a total of $698,689 in purses (see page 54 for details).

Restricted to fillies which are at least 75% owned by Ontario residents, the program was designed to encourage the purchase of well-bred fillies which would eventually enter the broodmare ranks in the province.

The foundation of the Ontario Sires Stakes program are the stallions registered with the Ontario Racing Commission. Any foals resulting from a breeding to a registered stallion is eligible for nomination to the Ontario Sires Stakes. To be eligible to the program the stalllion must be owned by an Ontario resident or leased to an Ontario resident for a period of not less than 5 years.

The Ontario Sires Stakes program was established in 1974 and consists of a series of 13 races for each of the eight divisions, totalling 104 races which take place during the course of the summer season. Eligibility for the Ontario Sires Stakes is restricted to progeny of stallions standing in the province and registered with the Ontario Racing Commission. Yearlings must then be nominated by May 15th of their yearling year and sustained to race either as two-year-olds or three-year-olds. Nominating and sustaining fees are collected and then distributed together with the Improvement Program Funds in the form of purses.

Publicity and Promotion Budget

In 1986 a Promotion and Public Relations Budget of $300,000 was allocated to the Standardbred Industry to promote the Ontario Sires Stakes program. A committee made up of three nominees, one from the Ontario Racing Commission, one from the Canadian Standardbred Horse Society and one from the Ontario Standardbred Improvement Association, oversees the distribution of the funds. The largest portion of the funds are allocated to the company which is awarded the contract to do the promotional work.

Again in 1986 the firm of Sportswood Communications was contracted to provide the media coverage of the Ontario Sires Stakes. This firm provided print, radio and television coverage within a very well rounded and agressive campaign. As well as attending most of the races as representatives of the program, press releases were issued for all Ontario Sires Stakes events to local media, track officials, trade journalists, and all interested individuals.

Advertisements were prepared and placed with print, radio and television media over the course of the year and were placed to increase public awareness of coming O.S.S. races. During the course of the season, a television crew attended the races and prepared a weekly sires stakes report which appeared on many Ontario stations. As well, a special one-hour pilot program was prepared focusing on the three-year-old pacing colts as well as racing in the Peterborough area. This was aired on CHEX-TV in Peterborough.

In many ways this organization acted as press agent for the program providing such services as answering inquiries, preparing special feature press kits, supplying photographs of sires stakes performers, forwarding results to American trade journals and preparing releases and video tapes for the Ontario Standardbred Improvement Association's Breeders' Awards.
